

Autopsies Performed by the North Carolina Medical Examiner System, 2016 – 2017

Autopsies Performed by the North Carolina Medical Examiner System, 2017

2017 data are considered provisional and subject to change as cases continue to be finalized. NC OCME will update graphs on a monthly basis to reflect recently confirmed poisoning deaths. For additional information, please contact alison.miller@dhhs.nc.gov.

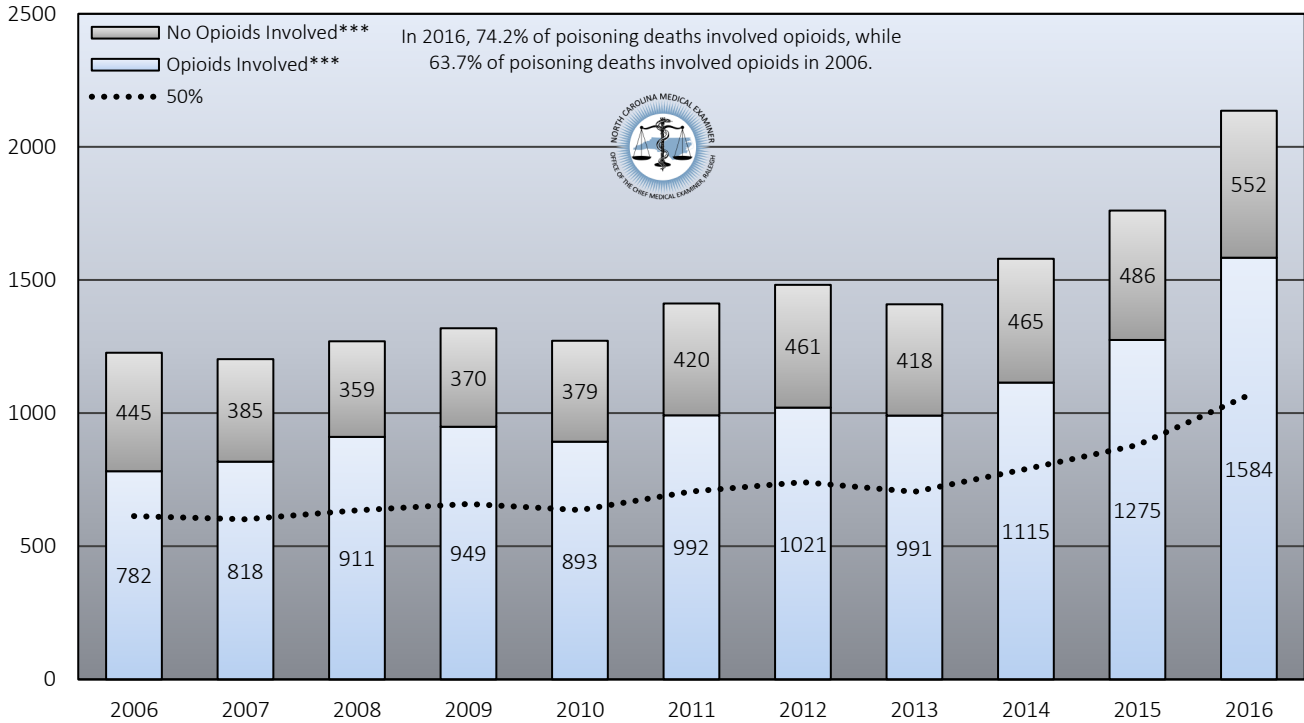

*This category reflects the number of deaths that have been confirmed as poisonings based on the results of a comprehensive investigation. Confirmed poisoning deaths that did not receive an autopsy examination have been excluded. Poisoning deaths attributed solely to carbon monoxide have been excluded.

**The NC OCME began tracking autopsies performed to rule out overdose by the entire medical examiner system in March 2017.

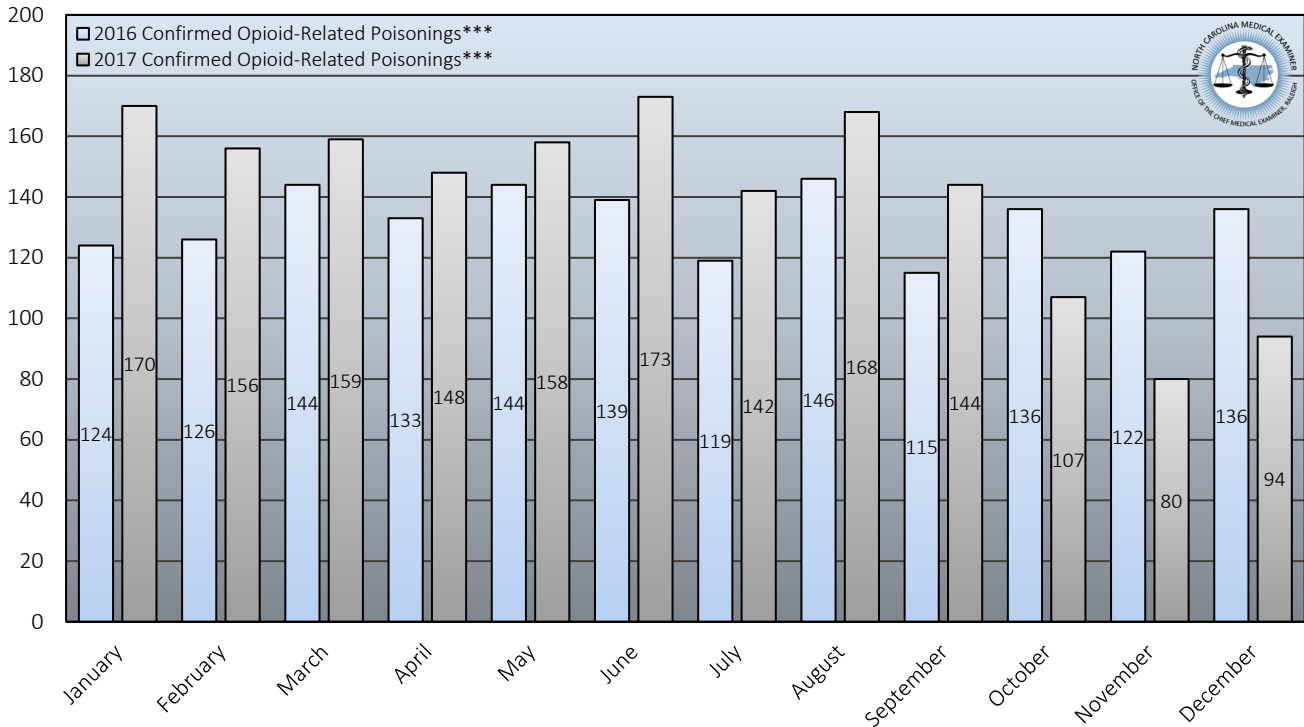

***This category includes confirmed poisoning deaths that did not receive an autopsy examination.
